

Honors College Connector

Oregon State Honors College
Communication App

Oregon State
University

Project Description

Prototype, test, and develop an app that will act as a bulletin for Honors College events and as a resource page for Honors Students to use to sign up for and keep track of events.

Project Goals and Deliverables

Provide Clear Event Info & Sign-Up

Provide users with clear and accessible information about Honors College events as well as allowing users to easily sign-up for events of their choosing.

Low-Medium-High Fidelity Prototypes

Create low-medium-high fidelity prototypes using information gathered from the project partner, Honors College board members, user studies, and outside research.

Develop GUI

After multiple stages of prototyping and user studies, develop a simple GUI to better represent the prototypes.

Team Roles & Identifiers

**Teammate
1**

Leadership and
Management

**Teammate
2**

UX Design and
Prototyping

**Teammate

Writing and
Deliverables

Project Tasks, Subtasks, & Deadlines

10/1 Research Similar Applications - T1-4

11/1 Paper Prototype (Low-Fidelity) - T1 & T2

11/15 Prototype Revisions & Google Slides Prototype (Medium Fidelity) - T2

12/6 Create Personas - T4

12/6 Devise User Testing Plan - T3

1/17 User Testing Round 1 - T1 & T3

2/7 Compile Finding From User Testing Round 1 - T4

2/7 Review Suggestions from Project Partner, rework Slides Prototype - T2

2/14 Create Figma Prototype (High-Fidelity) - T2

2/21 Incorporate Feedback from User Testing Round 1 Into Figma Prototype - T2

3/14 User Testing Round 2 - T1 & T3

4/11 Incorporate Feedback from User Testing Round 2 Into Figma Prototype - T2

5/2 Compile Finding From User Testing Round 2 - T4

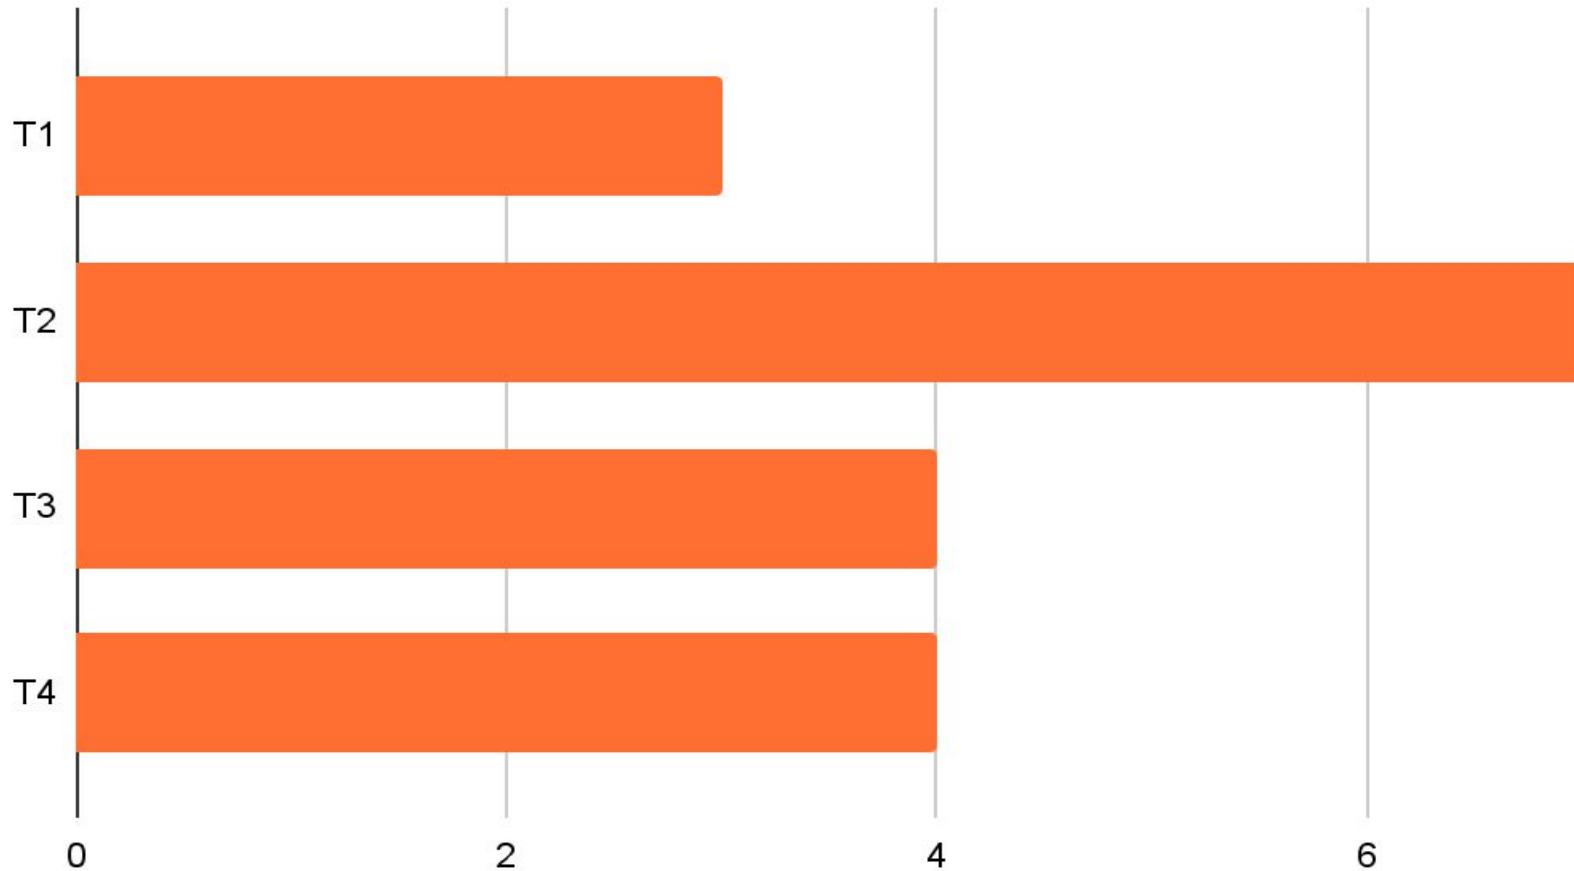

5/2 Heuristic Evaluation - T3

5/23 Final Figma Prototype - T2

5/23 Compile Info From Heuristics Evaluation - T4

6/6 Plan for implementation and GUI - T1-4

Tasks Headed

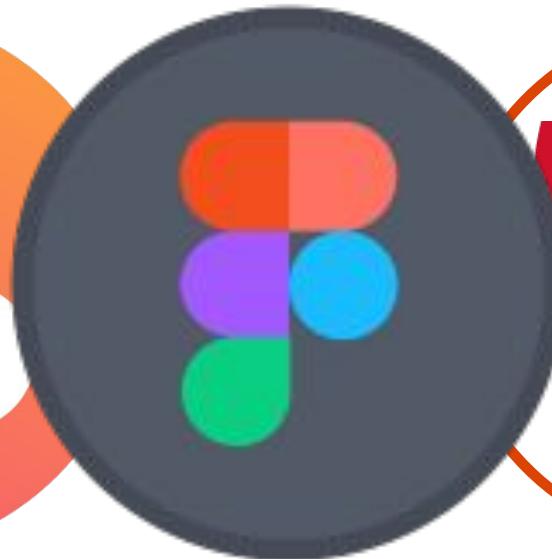

Sprint		Start Date	Finish Date	Team Members Leading/Assigned
1	Medium Fidelity Prototype	11/1	11/15	T1 & T2
2	Research	11/22	12/6	T2 & T3 & T4
3	High Fidelity Prototype Draft 1	1/3	1/17	T2
4	User Testing Round 1	1/24	2/7	T1 & T3 & T4
5	High-Fidelity Prototype Draft 2	2/14	2/21	T2
6	User Testing Round 2	2/28	3/14	T1 & T3
7	High-Fidelity Prototype Draft 3	3/29	4/11	T2
8	Heuristic Evaluation	4/18	5/2	T3 & T4
9	High-Fidelity Prototype Final Draft	5/9	5/23	T2 & T3
10	Plan for Implementation	5/30	6/6	T1

HONORS APP GANTT CHART SCHEDULE

Tools Used

Asana

Figma

Qualtrics

Along with Discord and Google Drive for Communication

Handoffs & Integration

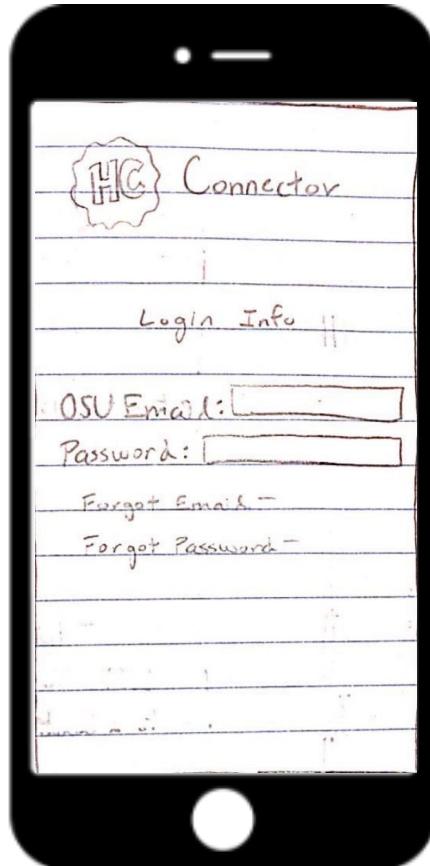

Handoff: Once Figma Master Prototype has been completed, the team will be handing off the current project to the Honors College for integration and development. This could potentially involve another team of capstone students or a professional development team.

Additionally, members who have completed their assigned tasks will be redeployed for new tasks before or during the weekly meetings.

Integration: Besides needing Qualtrics and ONID integration (via request of the project partner), information concerning privacy, login, and storage will need to be researched before the GUI can be developed.

3

Event Info

back button —

On/Off Campus —
Science, Math, Physical,
Food, etc.

- 3 Options: —
1. Not Going
 2. Interested
 3. Going

— any extra options needed

— optional photo

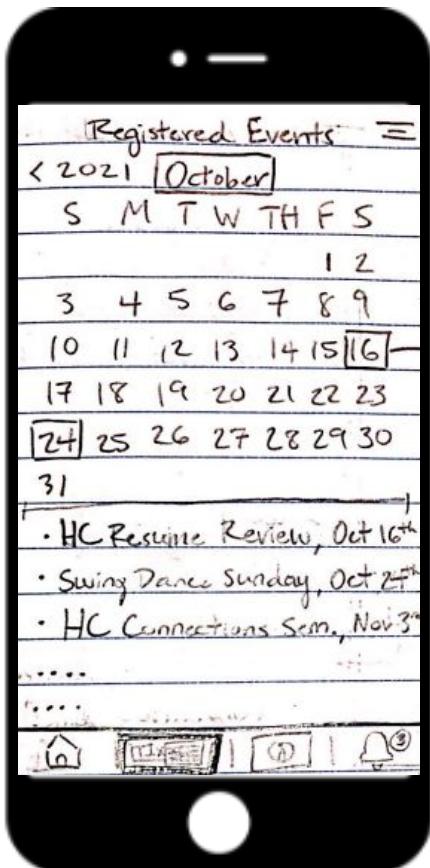

— Interested/Going/Registered users

— all event description space
(=scrolling)

— Register for the event.
Quattrics link?

4

Registered Events

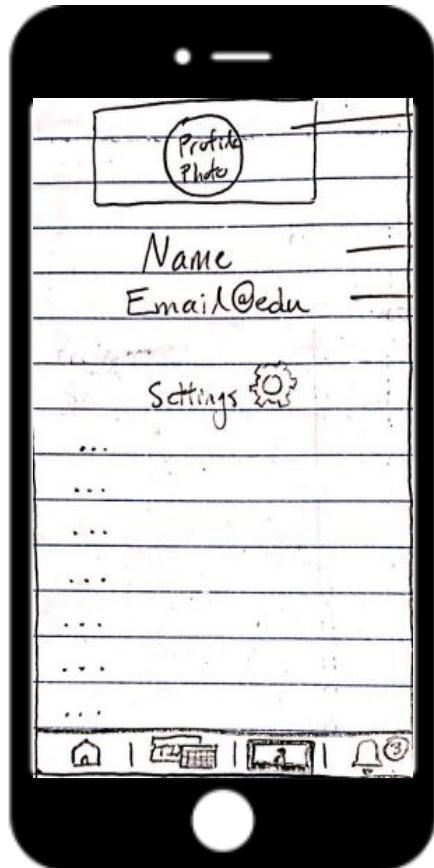

- any extra options

- represents a registered event day

- clicking event will take users to event info page

5

User Profile

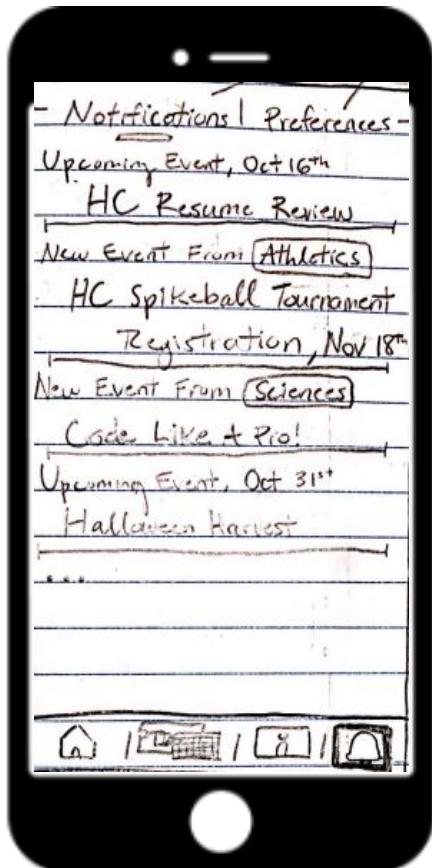

- Profile Photo, click to edit

- click to assign Nickname

- must be orgonstate.edu

6

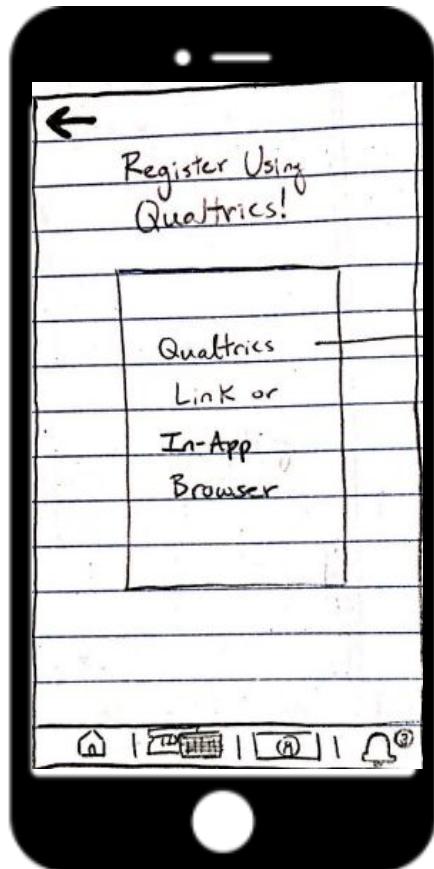

Notifications / Preferences

— shows subscriptions & notification settings

7

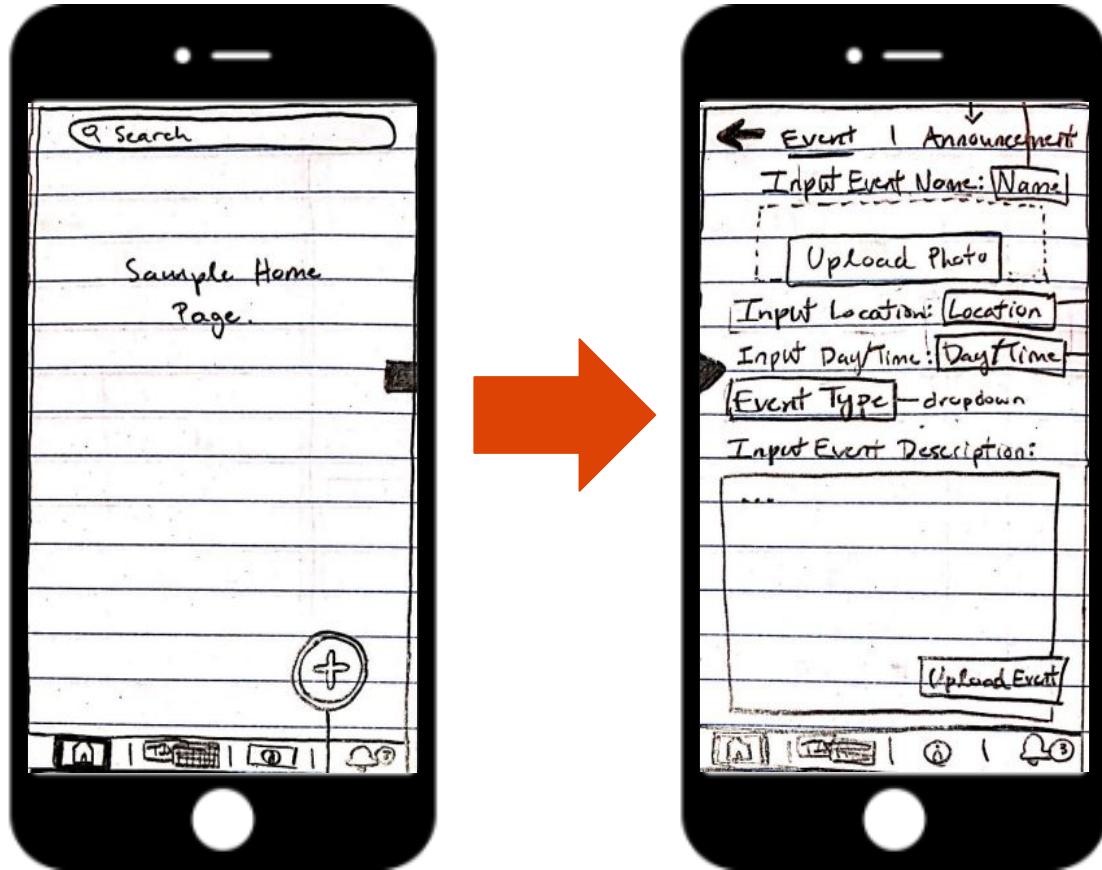

Qualtrics Link

- Link → Entire Section Up For Debate.
Reason: Might be better to just have the REGISTER button send users to a Qualtrics browser
