Please consider the follow resources to help you cope Mental Health and Coping

Project Description Summary

 A mobile app for Honors students to easily see what events are being hosted when.

 To remove the need to Monday event emails with long, unreadable blocks of text that lists everything irrelevant to the student.

 This app will consolidate, organize, and filter honors events. While making it easier for the event coordinators to see who plans on attending each event.

List of Project Goals and Deliverables

- 1. Increase Event Awareness
- 2. Increase Accessibility
- 3. Clean up RSVP to events

Deliverable:

A functional prototype app in Figma.

Itemized list of major tasks

Online research and project partner collaboration: by December 2021

- 1. Honors student interviewing
- 2. Low fidelity drawing
- 3. High fidelity designing
- 4. Prototype testing

We will repeat this cycle three times (6 weeks per cycle) and finish by 5/23 2022

Distribution of Tasks

- Team Member 1: Manage and facilitate group/project partner meetings
- **Team Member 2:** Lead/responsible for prototype development
- Team Member 3: Responsible for reviewing/writing notes/documents during meetings and surveys
- Team Member 4: Coordinate/ conduct user testing surveys/research

Timeline

Sprint Number	Task Title	11/1	11/8	11/15	11/22	11/29	12/6	12/13	12/20	12/27	1/3	1/10	1/17	1/24	1/31	2/7 2	/14 2/:	21 2/28	3/7	3/14	3/21	3/28	4/4	4/11	4/18	4/25	5/2	5/9 5/	16 5	/23 5	6/30 6/6
1	Medium Fidelity Prototype																														
2	Research (Creating Persona, incorporating exsisting app designs)																														
3	High-fidelity Prototype Draft 1																														
4	User Testing Round 1																														
5	High-fidelity Prototype Draft 2																														
6	User Testing Round 2																	10.10													
7	High-fidelity Prototype Draft 3																														
8	Herustic Evalutation																														
9	High-fidelity Prototype Final Draft																														
10	Plan for implementation																														

Sprint Goals (3 weeks)

Sprint 1 (Nov. 1 - 15)

Create a medium-fidelity prototype (Powerpoint presentation).

Sprint 2 (Nov. 22 - Dec. 6)

Research existing solutions for similar products. Create personas.

Sprint 3 (Jan. 3 - 21)

Conduct user research and interviews. Depends on high-fidelity prototype assumed to be finished by the end of Fall term.

Sprint 4 (Jan. 24 - Feb. 11)

Adjust high-fidelity prototype.

Sprint 5 (Feb. 14 - March 4)

Conduct interviews to obtain feedback for the second iteration of the high-fidelity prototype.

Sprint 6 (March 7 - 18)

Adjust prototype according to feedback and insights from Sprint 3.

Sprint 7 (March 28 - April 15)

Conduct heuristic evaluation on prototype created from Sprint 4. Adjust prototype based on findings from the heuristic evaluation.

Sprint 8 (April 18 - May 6)

Conduct final interviews for prototypes created during Sprint 5; depends on Sprint 5. Define technical specifications and any Honors College App-to-Oregon State University Information and Technology connections.

Sprint 9 (May 9 - 30)

Finalize high-fidelity prototype; depends on Sprint 6.

Sprint 10 (May 30 - June 6)

Create a plan for implementation.

Description of Matters

- Stand alone app with no integration into previously existing technologies.
- Skeleton that will be created by a professional team at a later time.
- Users will need ONID credentials to login.
- Qualtrics integration to RSVP to events using their current methods.
- Event coordinators create new events directly on the app or web version.
